

FROMM A482 Pneumatic Powered Steel Strapping Tool

The FROMM A482 Pneumatic Powered Steel Strapping Tool is the ideal pneumatic steel strapping tool for round packages. Robust, reliable, simple & cost effective, the A482 is ideally used to strap any package with small surface areas.

Boasting FROMM's superior tensioning force, the A482 has become a proven performer when strapping bars, bundles, pipes and coils. The individual tension regulation feature guarantees the perfect tension for each package. If you need to strap heavy duty, rounded packages, the A482 is the tool of choice.

All equipment is supported by our on-site mobile service team and spare parts are readily available.

Steel Strap

For optimal strapping efficiency we recommend our range of Steel strapping. Talk to our friendly staff today!

★ Features

- Pneumatic pusher type combination tool
- Double notch seal
- Suspension bracket included

+ Benefits

- Ideal for metals industry
- All in one tension, seal and cut
- Robust and reliable
- Long life wear parts
- FROMM 2 year warranty

★ Technical Specifications

Tensioning:

Strap Tension (N):	4000, 7000
Tensioning Speed (mm/s):	125, 70
Joint Strength, approx. (%):	75

Tool Size (without suspension bracket):

Length (mm):	350
Width (mm):	180
Height (mm):	240
Weight (kg):	6.5

Sealing Type:

Metal seals

Strap Specification:

Width (mm):	19
Thickness (mm):	0.63-0.90

Power Supply:

Pneumatic power	
Max. Air Pressure (bar):	6
Max. PSI:	87

Air Consumption:

Tensioning: 3.5 NI uncompressed air/sec
 Sealing: 7.7NI uncompressed air/sec
 Max. pressure drop of 0.5 bar/7.25 psi

Operating Conditions:

Temperature range (°C):	-10 - +45
